Send your mid-year historical reports to me (Department Historian) by February 12.

There will be 3 white notebooks set up on the NC ALA History table. The 3 Division Presidents will need the assistance of each member in their division to decorate the cover of the historical notebooks. There will be a supply of art supplies to decorate the covers of each book or you can bring your own decorations. A 3 - hole punch will be available as well so your paper reports can be added according to your division.

Voting will take place at the Mid-Winter Conference Fair. Cast your vote by noon recess for the best notebook cover. The final notebook of our 100th-year celebration will be presented to Madame President Julie at the Department Convention in June.

A 100th year NC ALA Carousel will denote the NC ALA Table with blinking lights. After all, we as a state from Murphy to Manteo have had a splendid year and we have made so much progress.

Everyone, come to the ALA Midwinter Conference 100th Anniversary Information Fair and have a good time. Bring your historical information about what your unit has done this year to celebrate. Unit Members, District Presidents, Division Presidents, Department Chairmen and Officers are encouraged to bring copies of Facebook posts about your celebration.

If you need any forms or more information please notify me, your 100th Year ALA Historian.
