Community Service 2021-2022

Do you donate to local thrift stores for charity? Do you volunteer for local schools? Do you help people in your community who are not veterans? I am sure everyone does some sort of community service.

When you are out in your community helping others use your American Legion Family Branding. Wear your shirts and hats promoting our organization. You never know when someone you are helping could be a potential member. Get out and sow those Sunflower Seeds and help grow our membership and continue to help others in our community.

Remember, there is no Mid-Year reports this year, but please pass around a sheet each month to have members log their hours and money spent on Community Service Projects. PLEASE send me pictures as your Unit does your activities as I will send these to National throughout the year. Hope to see everyone at Fall Conference and remember that National Make A Difference Day is Saturday October 23, 2021.

I look forward to hearing everyone exciting and new ways to help those in our communities.

Beth Whitaker
