July Finance Bulletin UPDATE

Unfortunately, there are two mistakes on the **2021-2022 Finance Bulletin** which was part of the financial mailing.

First, under the section "**General Fund Membership Dues**" the fourth sentence should be ignored as neither National or our Department has waived dues this year for first-time applicants who are veterans or active military. Of course, should any Unit wish to waive its share of annual dues, it can certainly do so, but payment of \$22.50 would still be required when the new application is transmitted to our Department.

On Page 2 of the Finance Bulletin, we are still encouraging voluntary donations equal to \$1 per member (or more) per year. However, such special donations would be considered as "Facility Support" as is listed on the Funds Transmittal Form (on blue paper), not "Department Disaster Fund" or "Dollars for Survival" which was promoted in years past.

I apologize for these errors as well as any confusion they may have caused. Should you have questions, feel free to contact me at 980-253-0656 or jhm1018@aol.com.

Janice MacLeod
Chairman, Finance Committee
