Goal for this Year \$2,500.00

In our Constitution and Bylaws; dated June 30, 2018 *“Article X, Section 7; states the following; The State Headquarters Committee shall supervise the State Headquarters Fund. This fund shall be used to purchase equipment, maintenance contracts and services.”*

Good afternoon, everyone, first, I would like to thank all the units that donated to our State Headquarters Committee in the 2020-2021 year.

Our project is going to be a little different! Once again, I come to the members for monies from your units to help with a project that is needed and hopefully all will agree to. We have our Auxiliary Office in the building that the American Legion owns but rents to the auxiliary at four hundred (\$400) a month.

On the outside of the building our name, or emblem, American Legion Auxiliary, is not placed anywhere. According to Emblem Sales to purchase just the auxiliary emblem, there will make a mold before they can make the emblem and will cost approximately nine hundred dollars (\$900) total. To have an area along with the American Legion Emblem in front and signage would be an additional cost. Once the new adjutant is hired for the Legion, we will be able to get a better idea of the cost and I will keep you informed.

Therefore, I would like to ask you to consider budgeting money in your individual unit budgets to help us raise the funds to complete this project.
