

Our year is almost over and now we are getting ready for the Convention. I have enjoyed being your dept. Chaplain through happy tears and through sad tears. Get well, thinking of you and sympathy cards have all been sent with prayers. Please continue to pray daily for local, department and national leaders.

At Convention, we have a memorial service for those members who have passed away during our auxiliary 22-23 year. If your unit has had members pass away please make sure you have sent the names to dept. I want to recognize all our departed members in our programs.

Remember to send me items for our department President's prayer book. Poems, prayers, or good advice.

I will close with Proverbs 10:17: Whoever heeds discipline shows the way to life, but whoever ignores correction leads others astray. Being dedicated in your faith allows you to lead by example. We can use this in our Auxiliary and daily life; we must all accept discipline in order to better ourselves.

May God continue to bless you , your unit and our Department leaders.

Susan Jones  
Department Chaplain
