

Mary Bartlett, Vice President, and Membership Chairman  
American Legion Auxiliary  
May/June Mailing

For the first time in my time in the Auxiliary, we have a wonderful chance to be a goal department.

Today, Wednesday, April 27th we have 72 goal or goal plus units. We are celebrating all those units that pushed for membership. Thank you so much to each member that decided to renew or become a new member this year. Please give that extra push for membership and let's bring in those 67 members. I sure hope they have our seats in National reserved already.

We are also celebrating those 5 districts that are goal. Thank you to the District Presidents that called, emailed, and traveled to help collect membership.

Division 1 is Goal! Division 2 is at 97.49% and I expect they will become goal very soon. Division 3 is at 96.47% and I expect they will be goal before long.

When we began this journey back in July 2021, I wanted so much for our department to be goal and each of you heard and caught the Sunflower fever. Thank you!!

I have been blessed beyond measure with all that you are willing to help within the membership program. We have had some fun along the way. I have managed to make more friends across our state and for that, I will be forever grateful.

I have spoken with members across our state and tried to answer your questions. I have become friends with that program ALAMIS. I love that when you call, I can look up your members and their status.

This has been a year I will never forget, and you are the reason! Thank you again for all you do for our veterans, active-duty military, our children and youth, and the huge contribution you make in your communities,

This is the last bi-monthly mailing as your Vice President Membership Chairman and I'm already looking forward to the next adventure with you all.

Mary Bartlett
