Community Veteran Activities

The project I would like each unit to be involved with is interacting with veterans at social events. An example is, at my post Faith 327, we have a local gathering on Tuesdays at a church. Each Junior Auxiliary group should help serve the veterans. Some examples are providing food, prizes for bingo, and just spending time with them.

Every Junior Auxiliary has a different budget so if your group does not have funds for this you could hold a fundraiser to get money or just donate your time.

I'm challenging all juniors to spend more time helping Veterans and to give examples how you have helped.
