The legislative program provides information and assistance to ALA members to advocate for the legislative agenda for the American Legion. In the months to come, the legislative committee will inform, encourage, and empower members to be more knowledgeable to actions on the American Legion legislative agenda.

When planning your Legislative year focus on the following:

- How will you educate members in the legislative issues promoted by The American Legion and how will your members employ those methods?
- What legislative activities (town hall meetings, legislative receptions) will members plan on attending in their communities and departments?
- How will members develop relationships with their elected officials?
- Please discuss with your unit how members will connect with their local and state officials and who will document their successes?

We will be sharing more information at the Division Meetings and Fall Conference, but you can get started today by signing up for the Legion's Legislative Action Alerts. You will receive notification when there is a call for the Legion Family members to take immediate action on a topic. please visit: <https://www.voterveice.net/mobile/AmericanLegion/home> Be sure to drop me an email to let me know when you have signed up. I will be keeping a tally of those who let me know and will be awarding the Unit, the District, and the Division with the most members who receive the Legion's Legislative Action Alerts. Those who already receive the alerts should let me know as well so I can include you in the tally. See you at Fall Conference.
