

## ***MESSAGE FROM FINANCE COMMITTEE***

During our 2022 National Convention, a \$6 increase in dues for senior members was approved effective for the 2024 year. In years past, our Department has considered and implemented any increase needed for our Department to coincide with the timing of National's increase in membership dues. This process avoids changing dues amounts year after year.

Therefore, before increasing dues, we suggest Units wait until our Department has had an opportunity to determine whether an increase in the Department's portion is necessary. No increases in Junior membership dues are anticipated at this time.
